3 bedroom townhouse near Quinta do Lago

Located on the end of a small condominium of 5 linked properties. Walking distance from a popular local restaurant and only a short drive to Quinta do Lago and Almancil center. This traditional townhouse has been transformed by a minimalist, modern refurbishment into a modern, open plan space welcoming natural light and a gentle flow throughout the property.

The new kitchen, complete with Bosche and Siemens appliances, is now twice the size of the original area. Enjoying natural light from south facing windows and finished with a 7cm poured concrete work surface coated with micro cement. Open access between the kitchen and dining area is a comfortable transition of well defined spaces which extends to a large living area enhanced by Apex mood lighting system fully operational by mobile app. Patio doors open a newly resurfaced terrace which provides a private outside area to enjoy the warm evenings. Steps lead down from the terrace to 2 doors, one giving access the condominium garden and large pool, the other to the lower ground

floor which currently provides parking, 3 divisions and additional large area ready to be converted into a space to support your life style whether that is office space, gym, cinema room or simply additional parking and storage.

The 1st floor reflects the interior design of the ground floor with optimum use of light and space. All 3 bedrooms are located on this floor with one bedroom benefiting from an en-suite bathroom, and the other 2 sharing the 2nd bathroom. A small service terrace offers more outside space and houses the air conditioner compressors.

All doors and windows on the ground and first floor are double glazed, with sash cord shutters. A 300L solar powered water tank provides ample hot water however this system will automatically swap to mains electric if necessary. Exterior walls have been rendered to provide increased thermal insulation reflected in the B- EC rating.
